Dear Mr. Rahul:

I wanted to drop a note of thanks for taking on my asylum case and the time you gave me for the past few months. I really appreciated your efforts and all the time consuming on my case. I thoroughly enjoyed having the opportunity to have an attorney like you as my representative.

It was a pleasure having you to represent me in the removal proceedings and also a sort of relieved. After being referred to your firm by Fairfield County Bar Association; my interest was significantly strengthened after visiting, calling with other firms, attorneys and learning about their practices with immigration law. I was fond of your firm and all the reviews I have read about you and your associate. Although my case was your first asylum case from Haiti. However, I sincerely appreciated the time, the efforts, the comments, along with your demeanor towards my case and not to mention the advices I have received from you and your firm. It also gave me very good understanding of the immigration law. I have learned so much in the process.

I know how busy you must be, and I am truly grateful for time given to me and my case. Thank you again for everything and I would not be hesitated to refer your firm to anybody.

Yours truly,

Enclosure.
